In addition, staff, faculty and students, with assistance of the officers, for a “Partnership in Crime Prevention.”

The Department of Public Safety maintains liaison with and has an excellent, cooperative working relationship with local, state, and federal law enforcement agencies. The department, aside from having its own campus-wide radio network, is also linked to outside law enforcement agencies via METRO (centralized dispatch for Police/Emergency Personnel).

Department personnel are actively involved, as committee members, panelists, presenters, etc., in the various WVSU and KVCTC educational and awareness programs dealing with alcohol/drug abuse, self-protection and safety and the protection of personal property and property belonging to either institution.

Crime Statistics: The criminal activity statistics presented herein are the results of data gathered by the WVSU/KVCTC Department of Public Safety and are based on complaints/reports made to the department by victims, witnesses, received from the University officials or outside law enforcement agencies. The time frame represented by the statistics is the calendar year (January 1 through December 31) of year(s) noted.

The statistics represent criminal activity made known to and officially recorded by the Department of Public Safety pertaining to *crimes against persons* (murder, rape, manslaughter and aggravated assaults); *crimes against property* (robbery, burglary, arson and motor vehicle theft) and arrests or referrals to campus disciplinary system for (1) liquor law violations; (2) drug abuse violations, and (3) weapon law violations.

In addition, statistics are provided on off-campus crimes reported to and handed by outside local law enforcement agencies, but coordinated with the University due to their having an impact on WVSU/KVCTC

Access/Security of Grounds & Facilities: WVSU/KVCTC, as a “public and open institution,” has no physical barriers delineating its property boundaries. Access to grounds and buildings is “controlled” by Department of Public Safety personnel through constant patrol activity and the immediate response to reports of suspicious person(s) or activity.

Access/Security of Residence Halls: Live-in Residence Hall Directors enforce University policies, rules and regulations, pertaining to accessibility; control of visitors and vendors; acceptable occupant behavior; visitation hours. Additionally, Department of Public Safety personnel conduct frequent walk-through patrols of residence halls.

Prohibited Activity

All possible efforts will be made to locate the student, to determine his or her state of health and well being.

If the student is a campus resident Public Safety along with Residence Life will conduct a safety and wellness check of the student's room, to ascertain information as to the student's whereabouts. If the student is an off campus student, Public Safety will informally enlist the aid of the police agency having jurisdiction.

Concurrently university officials will endeavor to determine the student's whereabouts through contact with friends, associates and/or employers of the student. Public Safety will determine if the student has been attending class's labs, recitals, and scheduled organizational or academic meetings. If located verification of the student's health and well being will be determined. When and where appropriate, a referral will be made to the university health center.

If not located notification of the family and possibly other law enforcement agencies will be notified via the initial report to

The Public Safety Department will assist the primary investigative agency in all ways prescribed by law, if the student is an on-campus student the Public Safety Department will open an official investigation, and retain status as the primary investigative unit. Upon closure of the missing person investigation all parties contacted will be notified of the status of the case.

All students, faculty, and staff have the option of providing information in a confidential manner the Public Safety Department at West Virginia State University. All information received will be treated in a confidential manner, and identify of the provider will not be made public.

Reporting Criminal Activity: WVSU/KVCTC personnel and students are strongly advised and encouraged to report crimes and suspicious behavior or activity directly to the Department of Public Safety by dialing extension 3353 or 3181 (Work Control Center - has 24 hour direct linkage with Campus Police via Radio Network).

Any person, to include members of the community, may also (a) report crimes by dialing 911; (b) report incidents to any University official (to include Resident Housing personnel); or (c) report incidents by personally contacting any member of the Department of Public Safety.

Crime Prevention Programs: WVSU/KVCTC has a variety of programs designed to enhance the safety and the protection of its population and to encourage a commitment to crime prevention.

Pertinent subject matter is continuously published and disseminated campus-wide and to the public at large through pamphlets, leaflets, new releases, films and seminars, and during each Orientation.....i.e.:

1. Key Control
2. Property ID/protection
3. Emergency phones
4. Self-protection/safety
5. Room/vehicle protection

Educational Programs: The University offers a variety of Educational Awareness programs pertaining to drug/alcohol abuse, rape, safety consciousness, protection for women.....etc. Subject matter is available to students and employees through scheduled meetings/seminars, at orientation, and campus-wide distribution of pamphlets, leaflets, news releases, as well as pertinent articles published in the University's newspaper.....i.e.:

1. Sexual Assault
2. Drug abuse prevention
3. Alcohol abuse prevention
4. Domestic Violence
5. Violence Against Women

Reported Crime Process: Once a crime is reported to one of the Campus Security Authorities:

- a) Appropriate coordination is made and an investigation is initiated.
- b) Appropriate assistance to victim is offered/initiated.
- c) If appropriate, victim protective measures are activated.
- d) Perpetrator, once positively identified,
 1. May be subject to arrest and having appropriate charges preferred in civil court.
 2. May be sanctioned by University Disciplinary System, or,
 3. Both of the above....one does not preclude the other.

SEX OFFENSE REPORTING PROCEDURE

A. Reporting the Offense: Victims of sex offenses are strongly encouraged to immediately report the incident to one of the below listed Security Authorities at the indicated telephone extensions:

Department of Public Safety	3353, 3181 or 911
Student Affairs Office/Judicial Affairs	3140, 5149
Residents Life Office/Residence Hall Director	3037
Human Resources Office (employees)	3155
Counseling Center	3168
Military Science (ROTC)	3108
Athletic Director	3362

B. Preservation of Evidence: The preservation of evidence is the key to the successful prosecution of sex offenses either on or off campus. It is therefore imperative that the victim:

1. Cooperative fully by providing specific details of the incident, to include identification of perpetrator, if known, and/or a full description of the suspect.
2. Do not shower or change articles of clothing.
3. Maintain the crime scene intact by not touching or removing any articles or items.
4. Cooperative fully by having a medical examination by a physician at a local hospital.

C. Counseling: Once a sex offense is reported to a security authority, immediate coordination with Collegiate Support and Counseling Center is established. A counselor makes contact with the victim and provides and/or coordinates required counseling needs, to include aid from outside agencies.

D. Sex Offense Persecution-Off Campus: Should the victim elect to press civil charges against the perpetrator, the WVSU/KVCTC Department of Public Safety coordinates the results of the

investigation with the Kanawha County Prosecuting Attorney's Office, appropriate charges are filed at Kanawha County Magistrate Court, and the matter is resolved through due process of the magistrate court.

E. Sex Offense Prosecution-On Campus: Irregardless of whether or not civil charges are preferred, the University has a legal right to initiate disciplinary action, if the perpetrator is a student or employee of the institution. Due process, as established by University policy and procedures, is under the auspices of an appropriate Hearing Board. The Hearing Board recommends disciplinary sanctions, which may include suspension or expulsion for a student or up to termination for an employee.

upon confirmation of a significant emergency event or dangerous situation involving an immediate threat to the health, safety, and security occurring on the campus. Notification will also be forthcoming if it is determined there is a significant threat to campus from an outside source. Taking into account the safety of the community, the university will determine the content of the notification and initiate the notification system unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond or otherwise mitigate the emergency.

After initial notification follow ups will be given on a periodical basis until the situation is resolved.

Policy Statement on Mass Notification

Policy Statement: The West Virginia State University and the Kanawha Valley Community & Technical College have established guidelines to be used in the mass distribution of emergency alerts to students, faculty, and staff that would be affected directly by a critical incident which poses an imminent threat to the health, and safety of the campus community.

The Department of Public Safety at West Virginia State University maintains a subscription to a third party voice and e-mail messaging service (WARN) Wide Area Rapid Notification that enables the university administrators to create voice and e-mail messages for emergency alerts to members of the campus community and send them to a list of subscribed phone or wireless device users, as well as e-mail accounts.

Voice and e-mail message alerts are one of the elements of the West Virginia State University's comprehensive emergency response protocol that provides for rapid notification to students, faculty, and staff about situations or events that are occurring on campus and its surrounding areas.

The notification messaging service utilized by West Virginia State

University and the Kanawha Valley Community & Technical College requires users to opt-in to the service by subscribing their cell phone or wireless device. The e-mail component of the program is provided automatically when a university or community college e-mail address is assigned.

Notifications

Immediately after sending an emergency alert message the designee who created the message shall notify officials of the university that the message has been sent and shall describe the rationale for activating the WARN system. The purpose of this communication is to ensure that all offices are sharing consistent information and not sending any duplicate messages. The Public Safety Department will subsequently coordinate with the appropriate agencies and institutional departments in accordance with Emergency Operations Plan.

Once the all clear has been given and the situation is resolved then a formal message will again be sent to advise all of the status of the incident.

An electronic record will be maintained via the WARN messaging system concerning each activation. Copies of these messages can be made available through proper channels.

F. University Commitment: West Virginia State University and Kanawha Valley Community and Technical College are each committed to ensuring that:

1. Victim's academic and living situations will be changed upon request if reasonably available.
2. Accuser and accused have same right (if any) to have other present during disciplinary hearing.

3. Accuser and accused shall be notified of the outcome of a campus disciplinary proceeding.

G. Sex Offender Registry: The West Virginia State Police maintains the Sex Offender Registry website which can be accessed as reflected below:

- ◆ <http://www.wvstatepolice.com/sexoff/WebSearchAction.cfm>
or
- ◆ <http://www.wvstatepolice.com>
then scroll to Sex Offenders and click

Partnership in Crime Prevention: The Department of Public Safety recognized the need for and strongly encourages “public involvement” in crime prevention within campus property areas and the surrounding community. It is through the participation and involvement of each person on campus that the goal of “providing a safe and tranquil campus” can be achieved.

Each member of the “University Community” can assist the Department of Public Safety to maintain a safe environment by committing to a “partnership in Crime Prevention” and accepting a responsibility for practicing personal safety on a daily basis by not taking unnecessary risks, securing personal property, locking doors and securing facilities, and by the immediate reporting of crime and/or suspicious activity.

Your personal commitment and active participation in Crime Prevention assures that WVSU/KVCTC continues to maintain a safe and tranquil environment conducive to learning, allowing each individual the opportunity to experience and achieve to his/her full potential, being worry-free to “carve” place in WVSU/KVCTC’s “living laboratory of human relations.”
