EPC suggests that the Military Science department also revise the course description for MSC 490, since the current catalog description doesn't match the title.

A number of proposals for honors courses were submitted to EPC after the deadline for October's meeting; they will be considered at the November 18 meeting.

EPC strongly encourages departments to follow the submission guidelines and deadlines posted on the EPC website: <http://www.wvstateu.edu/academics/educational-policies-committee>
