WEST VIRGINIA STATE COLLEGE

In this 1965 ARCH we hope to show you WEST VIRGINIA STATE COLLEGE as it is . . .

We will show you her sadness, her happiness, her sorrow. We will show her at work, at play and her influence in the community.

WEST VIRGINIA STATE COLLEGE is many things. She is organizations, queens, sports, music, classrooms, R.O.T.C., Greeks, honor societies, lovers, and buildings, but most of all she is "A Living Laboratory In Human Relations."

DEDICATED TO

PROFESSOR FREDRICK ALBERT CLEMENT

We the students of W.V.S.C. are grateful to Professor Fredrick Albert Clement, who for more than 30 years has greeted us with a warm smile and a helping hand.

Professor Clement became an instructor at W.Va. State College in 1930. He was granted a leave of absence from 1944-46 to Science Supervisor for the Inter-American Educational Foundation in Port-au-Prince, Haiti.

Since his return to State, Mr. Clement has served as the Chairman of the Division of Natural Science and Math. Because of his tireless efforts and personal concern for the students of W.Va. State College. We, the students, dedicate the 1965 ARCH to a good friend and senior class advisor . . .

"Satisfying Memories"

For many students in the years to come, the Arch will serve as a reminder of events and experiences of their student days. I hope that each graduate of the college will be reminded of satisfying and rewarding experiences when the Arch is casually opened from time to time in spare moments. Certainly we, who are continuing members of the staff, are constantly attempting to provide opportunities for the strengthening of the minds and souls of those who study here. If intellectual curiosity and spiritual humility have been characteristic of you and if you have desired to build positive lives, the sight of the Arch on a living room table will certainly evoke pleasant memories, and you will delight in turning its pages over and over again. Therefore, I urge all of you who yet are students to live now enthusiastically in the exciting medium which is this college.

My congratulations to all who have accepted the dares to so live that you will be dynamic forces in directing men to higher levels of living.

To the Graduating Class of 1965:

May I express the hope that your years at West Virginia State have prepared you well for the obligations you will face. In all likelihood most of you will be called upon to give civic and ethical leadership in your communities, and some of you to give leadership in state and nation. If you developed a sense of social concern while in college, this leadership will be the strong, positive force our country needs — for peace, for equality, and for a better life for those who lack your opportunities or talents.

Care, and lead!

Lt. Col. Joseph C. Hill, Professor of Military Science

TO THE CLASS OF 1965:

Congratulations to you upon your achievements and best wishes for your continued success. Yours will truly be an age of discovery and advancement — an age requiring new modes of reasoning and, certainly, new tools for the greater understanding.

Give to your life your very best and it will be very very adequate. As you step forth to accept the challenge of your age, may you find a generous measure of guidance in these words of the Italian patriot, Mazzini:

"Slumber not in the tents  
of your fathers,  
The World is advancing,  
Advance with it."

1. There is a place we love so dear — Its name we'll ever praise and re-vere — 'Tis West Vir-gin-la

State we love — Just one more step from there is heav'n a - bove. — West Vir- gin - la's

praise we'll sing — Lift our voices 'til heav-en's ring — As we gal - ly march a-long — We'll

sing a song — for Al-ma Mater How we love her pride of all our loy-al hearts. — From her we will

nev-er part — Thoughts of thee will ne'er be few — Al-ma Ma-ter we love you.

We'll love her more as days go by,  
And send her praises to the sky;  
To place her over all the rest,  
And keep her e'er the dearest and the best.

Shadowed 'neath a deep blue sky;  
Is State for whom we'll live and we'll die—  
Arise! O men of God and sing;  
We're loyal, and to her we'll always cling.

## A PART OF ME

I was but a stranger to your hills

Getting away from big city frills

Becoming a part of your humble folk

Things which seem important, now seem like a joke.

Learning your ways was hard for me

Give me some time and I'll be true

To the symbols of bird, bear, flower and tree

These things I realize are part of you.

Your highways and byways I've come to know

Watching the people as I go

On your bus, your boats, your trains on their tracks

Traveling your roads to home and back.

The years I've spent here are not in vain

Enjoying your seasons with snow and rain

I've learned your ways and of you become a part

The things I've learned I've taken to heart.

So, to West Virginia my adopted state

A place I now cherish, but used to hate

With your valleys green and mountains so blue

I realize I truly love you.

P. A. Lewis
